

WEB TECHNOLOGY COURSEWORK PROPOSAL

Student Name	Ankit Tamrakar
Student ID No.	NP03A190031

Proposed Name of Web Site:-

www.psygenic.org

Description of the Web Site:-

Psygenic.org is a professional user-friendly website designed to assist adults, adolescents and families to overcome emotional and behavioral difficulties. We provide non-judgemental counselling services along with confidentiality and privacy to our clients. Simple architecture and presentation is used in order to present the key information regarding mental health. We empower patients to maintain mental stability, overcome individual challenges and develop their potential. To create a wider sense of community, we've also made it easy for people to donate towards the noble cause of maintaining sound mental health around the globe.

Pages of the Web Site:-

Page Name	Description
